

# QURION™

क्युरिओन

Solution of **Ionic Silver and Menthol** to be Used by the Medical Practitioner for Wound Irrigation and Treatment of:

- Diabetic Foot Ulcers
- Stage I-IV Pressure Ulcers
- Stasis Ulcers
- Post-Surgical Wounds
- 1st and 2nd degree burns

Patented Innovation from **Israel**, Manufactured in **USA**, Now in **India**

## Double Action **Biofilm Penetration**

The mechanistic pressure caused by the syringe needle followed by the combination of Silver Ion and Menthol aids in effective Biofilm penetration.

## Effective Killing of **Biofilm Bacteria**

It has been shown to significantly reduce the bacterial cell viability of Biofilm bacteria in vitro and clinically proven to inhibit their further growth.

## Unique Combination of **Surfactants + Detergents**

Aids in Removal of Exudates and Necrotic Tissues

## International Approvals

US FDA, MOH Israel, DCGI India

### Broad **Anti-Microbial Action** of Qurion on

*S. aureus*

*E. coli*

*P. aeruginosa*

*K. pneumoniae*

*C. albicans*

**Result:** Qurion Treatment

Week 0

During the treatment

Week 5

**Type Of Wound:** Pressure Ulcer with Chronic Infection  
(In a Diabetic Paraplegic Patient)

# SURE

Qurion contains 0.01% silver nitrate in the form of silver ions which effectively penetrate the bacterial cell.

Qurion helps in promoting tissue healing due to its

## 4 Major Properties

- Anti-microbial
- Anti-infective
- Anti-inflammatory
- Anti-biofilm

# SWIFT

Qurion heals quickly and acts rapidly on the cells of the bacteria due to its

## 4 Way Mode of Action

- Disrupts cell membrane
- Condenses microbial DNA & Interferes with cell replication
- Disrupts respiration
- Induces apoptosis

# SAFE

Qurion contains 0.01% of silver nitrate. It does not show any side effects like argyria, methaemoglobinaemia etc, due to very low concentration of silver nitrate

## WAY OF WOUND HEALING
